

SNO CONE
OPERATING INSTRUCTIONS:

1. Plug into a 15amp/120V designated electrical outlet. Place sno cone unit on a sturdy table with a table cover protector. Turn the light on (if applicable).
2. Open/ lift the ice barrel located on top of the machine. Break up and separate ice first then slowly put ice into the ice barrel. Do NOT overfill.
3. Once filled, push down on the ice barrel handle while you PUSH AND HOLD THE ice shaving button or turn the switch to on.
4. Scoop shaved ice into cup LOOSELY, add one FULL PUMP of syrup.

CAUTION: Never put hand, fingers or tools inside the ice barrel.
Push the ice shaving button ONLY when shaving ice.

IMPORTANT:

- Adult supervision required at all times
- Secure while transporting, do NOT tip!
- Sno cone syrup stains, it will not come off clothing and material!
- Syrup pumps and containers are property of Moonwalk Entertainment.
